CLASS - IV

CHAPTER - 12

MONEY

• TO CONVERT RUPEES INTO PAISE :

We multiply the number of rupees by 100.

• TO CONVERT PAISE INTO RUPEES :

We divide the number of paise by 100.

• TO CONVERT RUPEES AND PAISE INTO PAISE :

Remove the decimal point and the rupee symbol (₹) from rupees and write paise (p) at the end of the number.

1. Write the following amounts in figures.

c) Six hundred seventy-five rupees and twenty-five paise -

⇒ ₹ 675.25

d) One thousand twenty-seven rupees and fifty paise -

⇒ ₹ 1027.50

e) Two hundred twelve rupees and twenty-five p

⇒ ₹ 212.25

2. Write the following in words :

(b) ₹ 55.25

⇒ Fifty five rupees and twenty-five paise.

(c) ₹ 107.50

⇒ One hundred seven rupees and fifty paise.

(d) ₹ 1153.25

⇒ One thousand one hundred fifty-three rupees and twenty-five paise.

Ex - 12.1

1. Convert each of the following into paise

a) ₹ 18

⇒ 1 rupee = 100 paise

∴ ₹ 18 = (18 × 100) paise

= 1800 paise

Ans. 1800 paise

b) ₹ 24

⇒ 1 rupee = 100 paise

∴ ₹ 24 = (24 × 100) paise

= 2400 paise

Ans. 2400 paise.

b) 1725 p

$$= ₹ \left(\frac{1725}{100} \right)$$

$$= ₹ 17.25$$

c) 1505 p

$$= ₹ \left(\frac{1505}{100} \right)$$

$$= ₹ 15.05$$

Ans. ₹ 15.05

d) 20 p

$$= ₹ \left(\frac{20}{100} \right)$$

$$= ₹ 0.20$$

Ans. ₹ 0.20

e) 10 p

$$= ₹ \left(\frac{10}{100} \right)$$

$$= ₹ 0.10$$

Ans. ₹ 0.10

Dear class IV students,

Practice all the above sums in your
epw copy.
